Dear Sirs:

Attention: Grand Trunk Rly. Agt.

At the suggestion of Mr. Leacock, we are submitting you quotation on Motor Driven Pump as per requirements outlined by Mr. Leacock.

We understand that your conditions denote that requirements are approximately 24,000 gallons per twenty-four (24) hours, and that you normally work against a pressure of fifty (50) feet.

We attaching our bulletin describing our Typhoon Pump and we trust that same will be of interest to you. We are giving you prices on Pump, Motor and Automatic Control, that you may decide which you prefer.

We would thank you to check over our quotation and if there is any further information you desire, we will be very glad to go up to Bradford, and go over the situation with you.

Yours truly,

CANADIAN FAIRBANKS MORSE COMPANY LIMITED.

CONDITIONS APPLYING TO ALL QUOTATIONS

All quotations by reliable business firms must necessarily be subject to certain trade conditions. These are often taken for granted by Buyer and Seller, but sometimes misunderstandings arise because the Buyer was not reminded when placing the order. Believing that a frank understanding with our customers insures us their esteem, we beg to remind them as follows:—

PRICES

Prices have been set according to present market values and with only a fair margin of profit. Consequently we cannot guarantee them for any length of time, but we will try to protect the prices quoted providing order is received within a reasonable time.

**TARIFF ON
FOREIGN
GOODS**

Many of the articles sold by this Company are manufactured in Canada, either in our own factories or elsewhere, and our policy is to encourage Canadian manufacture. For some time to come, however, it will be necessary to import certain lines from England and the United States, and such articles of foreign make are priced at present duty rates and values, and are subject to revision, up or down, in the event of any change taking place in the tariff which may be in effect at the time of the importation into Canada.

WARRANTY

The articles herein quoted are warranted to be made of good material and in a workmanlike manner, and if any article or part of such article show defective material or workmanship within one year from date of shipment, the Company agrees to replace such defective part free of charge f.o.b. original shipping point but will require direct evidence of the defect claimed. No liability, however, is assumed, nor is the Company responsible for damages or delays caused by such defective material or workmanship, nor will any allowance for repairs or alterations be made unless same is made with the written consent of the Company.

SHIPMENT

Owing to the uncertain conditions prevailing, the shipping time named is approximate only. Our heavy stocks and wide factory and agency connections, however, enable us to serve our customers to the best advantage, and all our facilities are at their service.
