

RYBKA BROS. PRODUCE TOTALLY DESTROYED BY FIRE

Rybka Bros. Produce, 251 Holland Street East, Bradford, located immediately west of the C.N.R. station, was completely destroyed by fire, with contents, late yesterday afternoon.

The alarm was sounded about 5.30 p.m. and with the roof in flames when discovered and a strong wind blowing, the firemen fought a losing battle from the start and did good work in keeping the fire from spreading to other buildings. The brigade was not able to leave the scene of the fire until about 10.30 p.m.

The Rybka building was a good sized building and it made an alarming fire. Bradford firemen did good work in preventing spread of the fire and Fire Chief Gapp gives credit to the men at Bradford Shippers, who went on the roof of their building, located west of the Rybka Bros., and took care of all embers dropping on the roof of their building.

The Witness has not learned an estimate of the loss, but the destruction is complete.
