

# Police revert to former phone numbers

The Bradford Police telephone numbers are being changed effective immediately in conjunction with their move this week to the new location on the corner of Barrie and Holland Streets.

There had been some confusion with an earlier change so as a public service the department is re-adopting the old num-

bers: 775-3311 and 775-3312.

If there is no reply on either of those lines, the 24-hour emergency number is 458-4375.

Chief John Harrison said Monday the new police headquarters in the old Bank of Commerce building has almost been completed, and the move should be completed today.
