FROM THE EDITOR.....

Dear Harman Kin -

Sometime ago we discussed the number of living descendants, and also the total number of descendants from our common ancestors, Henry & Esther Harman. As yet no one has attempted to hazard a guess on either figure - and I am still curious as to how many people living today can trace their ancestry back to our Harmans on Lot 77 on Yonge Street?

I'm certain there are many more Harman "cousins" about whom we know nothing as yet : even your next door neighbour or the girl who works down the hall - anyone of them could be a Harman kin. To illustrate, let me tell you how I "found" a new cousin this spring.....

Over the Easter break I was using the facilities of the local LDS library and, although I was busy reading a microfilm, I was aware that a lady and her daughter had come in and were making inquiries about family research. It was when they sat down near me and began to talk about their research that I really "perked up my ears".

"Is Harman spelled with an "O N" or an "A N"?" said the daughter.

Curiosity aroused but not wanting to get my hopes up pre-maturely, I asked about "their Harmans" : was it a first name or surname? - I was assured it was a surname; where had their Harmans lived? - in Sask. and in Ont.; what christian names were involved? - Nancy, and her parents were James & Jane.

I couldn't contain my excitement any longer and finished the history for them by saying, "And Nancy married Albert Sproxton, and they homesteaded near Central Butte, Sask.!!" I introduced myself and told them that we were cousins, albeit 5th or 6th.

These new cousins are the Smit family, and the 15 year old daughter, Anneke, was in the midst of a project for school which required that the students do some hands-on research. Because of Anneke's interest in family history she chose that as her research topic. Since that day she has shared data on her family with me, and in return I have given her background material on Nancy and her family : Nancy Sprsoxton (nee Harman) d/o James, s/o William, s/o Henry.

Whilst on the subject of meeting cousins.....

In the past weeks I have had the oppportunity to meet some other Harman kin for the first time. The first weekend in June my husband, my aunt and myself had been to Lloyminster to a family celebration and on our return via North Battleford we stopped and contacted Trudy Ramsay (on the Roger family line). We spent an enjoyable couple of hours with her and her husband, Dennis. Trudy shared much family material with us, some of which you will find in the following pages.

This past week, Doris Twining and husband, Ted, of Oshawa, Ont. on their way to a national fraternal organization meeting in Saskatoon, stopped to visit with us for an hour or two. Doris is of the James family line - see "Newspaper Files" section of this newsletter for her father's obituary.

The following day I recieved a phone call from Vi Baycroft of Barrie, Ont. - she, too, traces her lineage back to the James, s/o William, s/o Henry line. Vi and her husband, Lang, have undergone more than their share of trials this past two years culminating in Lang's accidental blindness late in 1986. Vi told me that her own declining health has resulted in her inability to care for Lang, and that it has been necessary for him to enter a nursing home. It is a sad situation and I am certain that all our thoughts and prayers go to these two lovely people.

Until next time.....

## ROGERS' FAMILY RESEARCH

=====

In attempting to piece together the history of our Rogers' family connection we are retracing 185 back in time. A task that is difficult enough when we attempt to retrace our own family, when at least we know data for the last 100 years (where & when grandparents were married and died, and perhaps even where they were born!). However when we begin our research of the Rogers branch of our family, we are in many instances working from the past to the present in an attempt to locate present day descendants of an ancestor's sibling. In most cases we have little knowledge of James & Mary Agnes's grandchildren (and later generations), who they were and where they lived.

Several descendants have been in contact with us and have shared their family data - to them our sincere Thank You! They have also passed along information from other family members and we have incorporated it into the stories on the following pages. We have attempted to give credit where it is due, and when information has come forward from two sources we have acknowledged the first contributor.

I will take this opportunity to thank ALL ROGERS COUSINS who have supplied family data.

TRUDY RAMSAY : North Battleford, Sask.

DANIEL WALKOM : Paris, Ont.

J.VERNON WINTERTON : Orillia, Ont.

MARY L. ECK : Toronto, Ont.

DORIS HARVEY : Colorado Springs, CO. USA

KATHY MIKLOVICH : Cambridge, Ont.

HUGH S. JACKSON : Simcoe, Ont.

.....

An invitation is extended to any of our readers who have data on this family to forward corrections and/or additions, so that we may make this as full and correct account of the family as possible. The advantage of a newsletter (such as ours) vs. a published book, is that when errors or omissions occur, they can be corrected within a few months. SO, PLEASE DO CORRECT US if we've made any goof-ups!!

## THE ROGERS CONNECTION

---

We have dealt with the Rogers family previously - Vol. 1, #2, in June 1984 - in fact Mary Agnes Rogers (nee Harman) was the first subject used in our series of "The Family of ----". Since then, the research and family contacts have grown and we now have much more information to share. Again we must thank Trudy Ramsay of North Battleford, Sask. for the family information which she has shared with us.

We will begin with a brief re-cap of what was printed before.

**MARY AGNES HARMAN** : Possibly one of the older children of Henry & Esther Harman, Mary Agnes was born 31 Jan. 1786 in the USA. [1] She would have been in her eleventh year when the Harman family settled on Yonge Street, and probably about 16 or 17 years when she married James Rogers. James and Mary Agnes made their home on Lot 95 of the first Concession of King Township, York Co. where they raised a family of seven sons and five daughters. James was a son of a renowned Quaker family and their family was raised in that faith. James spent his life in the work of a pioneer, clearing the land and building, not only for himself but for other incoming settlers. [2] James died 21 Dec. 1854 and Mary Agnes on 1 April 1867, both are buried in the Friends Cemetery at Newmarket

Rogers, James - died 21st day, 12th month, 1856 - age 73 years.

OBEDIAH ROGERS : ACTIVE IN THE COMMUNITY

=====

Obediah Rogers, s/o James & Mary Agnes Rogers

b. 4 Dec. 1803 King Twp.

[1]

d. 28 Feb. 1885, Little Britain, Ontario

[2]

md. in 1827 to Sarah Barber (1810-1884)

[2]

Obediah was one of the early settlers in Mariposa Twp. - his name being recorded there in the records of the Little Britain Christian Congregation as early as 1837. [3] The last issue of "Harmans of Yonge Street" covered some of the activities of the Rogers families in Mariposa, in particular that of Obediah and rather than repeat all of that information again, I am going to recommend that you consult that particular newsletter. It will be sufficient here to say that Obediah was a carpenter and was very active in public life. On the 1871 census, he is reported as owning L 15, C 15 - 200 acres, as well as a town lot. Also had two houses, shop or warehouse, and four barns or sheds.

We must rely heavily upon census and land records to draw this rough outline of Obediah and Sarah's family, and as stated many times in the past - material drawn from census records is not that reliable. More information is needed here and any help would be appreciated.

## MARY ANN ROGERS : THE LLOYD FAMILY

=====

Mary Ann Rogers, d/o James & Mary Agnes [1]

b. 3 July 1811, King Twp.

d. Apr. 1899

md. John Lloyd

Mary Ann and her husband, John Lloyd were among the first settlers of Mariposa Twp. John is recorded on the 1839 Mariposa census and assessment rolls.

The assessment for the following year is more informative and gives the following data about the family.....

Two boys and three girls were recorded in the household under the age of 16; farmed L22 C7, and 30 acres of the 200 were under cultivation; owned two horses, two oxen and three milk cows. [2]

The 1861 census is the next record that I have uncovered to this time, that has any amount of information on the John Lloyd family. There are eight children recorded as still living at home (see below) however noting the number of children counted in 1840 and comparing that against the ages of the children on the 1861 census : I feel that there were at least one boy and one girl about whom we know nothing at this time, who were born between Mary Agnes in 1830 and Obediah in 1837. It is entirely possible that neither child grew to adulthood but it is also conceivable that by 1861 these children could have been married, just as Mary Agnes was. We are intersted on further information on any of these families.

Lloyd family data from the 1861 census : They are recorded as living in a one and half storey log house on 75 acres in C7 L north 15 & 16. Of these 75 acres = 40 acres were under cultivation, 39 in crop and one acre in pasture; 35 acres were still in "wild condition" = in all valued at \$4000. The yield from the previous year's crop was estimated at : 5 acres of fall wheat = 100 bu.; 20 acres spring wheat = 400 bu.; 4 acres peas = 100 bu.; 8 acres oats = 200 bu.; 2 acres potatoes = 200 bu.; 2 acres turnips = 1000 bu.; 3 ton of hay. John had machinery valued at \$300. and the following livestock : 4 milk cows; 1 cattle; 4 horses; 20 sheep and five pigs. In the past year, the farm and the people there-on had produced :20 lbs. of maple sugar; 20 yards fulls and 20 yds. flannel cloth; 42 lb. wool; 100 lb. of butter. [3]

In 1870 John sold the 25 acres in L15 C7 to John Hore for \$1,100., and the following year for "natural love & affection plus \$20." two lots in the town of Oakwood to his daughter, Mary Agnes Eck. [4]

At this time this is all the information available on John & Mary Ann Lloyd's family, except for the names of the children as taken from the 1861 census, and the family unit sheet on Mary Agnes and her family.

# HENRY ROGERS : IN MARIPOSA =====

Henry Rogers, s/o James & Mary Agnes Rogers  
b. 8 Apr. 1813, King Twp. [1]  
d. [1]  
md. Polly Armitage [1]

Henry was living on land his father had purchased in Mariposa Township at the time of the 1839 land assessment. [2] Henry and his wife were the only inhabitants of the home (no children) therefore I assume that they had been married for only a year or two. They lived on L20 of the 10th Con. and in March of 1847 his father sold Henry 100 acres of the above mentioned land for \$19. [3] The 1861 census reports that Henry and Polly and family are living in a one storey log house, [4] the 1871 census tells us that of his 200 acres Henry had 175 acres under cultivation. [5] Interestingly, on the 1871 census the name of Henry's wife is given as "Mary" instead of Polly - was this an error on the part of the enumerator or is this a second wife??

The number and names of the children were determined from census and land records, therefor may need correction.

## WILLIAM ROGERS = LONG TIME MARIPOSA RESIDENTS

=====

William Rogers, s/o James & Mary Agnes

b. 15 June 1815, King Twp. [1]

d. 22 Oct. 1895, bur. Friends Cemetery, Mariposa. [2]

md. Jan. 1839 to Mary Cruess (1821-1924)

Like some of his brothers, William purchased land in Mariposa Twp. from his father, James. James bought several parcels of Mariposa land in the mid 1830's and early 1840's, some of which was purchased from the Canada Company. On the 20th of March 1836 he bought L21 C11 from the Canada Co. [3] and eleven years later sold the land to his son, William for \$19. [4]

The 1840 Mariposa Census and Assessment Rolls tells us that William and his wife had one son at this time, and that John had 15 acres of the total 200 under cultivation, and for livestock he owned two oxen, and two milk cows. [5] For a look at the lives of William and Mary at that time, here is a quote from a journal written by wife Mary in 1901.

"William Rogers, son of James, obtained the deed to the 200-acre Lot 21 Con. X1 from the Canada Company in 1836 for \$100. He did some work on the farm in 1837. William married Mary Cruess in the 1st Month, 1839 and moved to the bush farm, William having built a house the year before. Three years after this William went out to ask hands to raise a log barn, about 6th Month, taking his gun with him loaded with shot for partridge. On the path in the woods he saw what he took to be a deer but coming closer it proved to be a large wolf. He shot at it, with what was in the gun. The shot struck the wolf which lay down, howled and bit his side. William, thinking it was wounded, picked up a stick to knock it on the head. Striking it, the wolf reared up and came toward him grinning with its teeth. William struck the wolf, but the stick broke - not being sound. William stepped back, this was repeated several times, the stick breaking each time, till coming to a sound part he closed in on the wolf, finally killing it. He got \$6. bounty for the scalp. The clock pedlar came along the winter of 1842-1843 and offered a clock for \$20. The pedlar allowed him \$2. for the wolf hide and William paid him the balance with the bounty money and \$12. cash. The clock was a Patent Brass Clock of Chauncy Jerome, Bristol, Conn.

(Reprinted with permission from "Mariposa, The Banner Township" by Ross W. Irwin. Our thanks and appreciation to Mr. Irwin for this privilege.) [6]

At the time of the 1861 Mariposa census William had one half of his lot (100 acres) under cultivation [7] and in 1871 he reported that 160 acres were improved. [8]

On the 1891 census William and Mary were still living on the farm in Mariposa although he was past 75, and she was nearing 70 years. Their 43 year old daughter, Hannah, and 36 yr. son, Elihu, were living with them. [9] As noted in the series "Newspaper Files" in the last issue of the "Harmans of Yonge Street" when Mary Rogers (nee Cruess) died in 1924 at the age of 103, her son, Elihu was residing on the homestead. JOHN ROGERS : A PIONEER FARMER  
=====

John Rogers, s/o James & Mary Agnes

b. 16 June 1820, King Twp. [1]

d. 6 Aug. 1905, bur. Newmarket. [2]

md. 24 May 1840 to Annie Sivilla Doan [1] (1820-1878) [2]

In 1847 in exchange for f19 John received title to 200 acres of land from his father - L21 C10 in Mariposa Twp. [3] In the volumes of the land registry records, John is referred to as a yeoman from Mariposa. As he and his young family do not appear on the 1851(2) census for King Toanship, I would think they were still residing in Mariposa at that time, and unfortunately, there was no census taken in Mariposa in 1851(2). However by the time of the 1861 census John & Sarah and seven children are living in King Twp. They are to be found recorded in the same household with his 75 year old mother, Mary Agnes. [4] In 1871 the census shows John and family to be living next door to his sister Anna Robinson and her family. They were living on L95 C1 of King and John owned 150 acres of the lot. [5]

In 1872 John and his wife sold the land in Mariposa. It was sold in two parcels, the south half being sold in January and the north portion of L21 C10 was sold in July. [6]

Annie died a few years later and when the Enumerator came around to record the 1881 census he found that John was a widower living on the farm with four of his children, [7] and ten years later, at the time of the 1891 census, John was still on the farm. In 1891 only two sons remained at home with John - William who was 42 years old, and Albert, 31. [8]

It would appear that we have some conflicting information in regards to John & Annie's children. Therefore on the following chart we will give both sets of dates (years only) and perhaps some one of our readers out there will be able to put us on the correct track. The dates for the second set originated from the 1861 census records, with the exception of Seneca's birth year. That was arrived at using information from the burial records of Friends Cemetery in Mariposa.

"Seneca Doan Rogers - d. 11 day 10 month 1851, age 7 year 1 month 12 days" for a probable birthdate of 29 September 1844.

## DAVID ROGERS

=====

David Rogers, s/o James & Mary Agnes

b. 1 May 1823, Twp. King [1]

d. 17 July 1908, bur. Newmarket cemetery [2]

md. 30 May 1846 to Mary Armitage

David was another of the Rogers sons who lived in Mariposa Twp. but in his case it was a stay of only a decade or two. David may have moved to Mariposa at the time of his marriage or shortly thereafter, although at the time he purchased L11 C1 from his father David was said to be of King Twp. [3]

The 1861 census records David and his family as living in Mariposa, where he had 75 acres of the 200 under cultivation, and he and his family lived in a one storey log house. Noting the number of livestock that he owned it would appear that David was a prosperous farmer - three oxen; four milk cows; four cattle under 3 years old; two horses; 20 sheep and four pigs. [4]

Although David and family moved back to King Twp. sometime in the next ten years (they are recorded in King Twp. on the 1871 census) he did not dispose of the Mariposa farm. In 1888 he sold the land (L11 C1) to his son, William H., who kept the land for a further 30 years before selling it out of the family. [5] In the meantime David bought and farmed land in the 2nd concession of King Twp. - the 1871 census records David as owning 140 acres of L1 C2. [6] As far as is known at present, David continued to reside in King until his death. He and Mary are buried in the Newmarket Cemetery.

## ANNA ROGERS : THE CONNECTION TO THE ROBINSON SURNAME

=====

Anna Rogers, d/o James and Mary Agnes Rogers

b. 23 July 1825 in King Twp. [1]

d. 1908, buried Beeton United Cemetery [2]

md. 1858 to John Robinson

We have little knowledge of John and Anna Robinson beyond what can be found in the census records. The 1861 census has a John & Anna Robinson family farming in E. Georgina Twp. - the wife is the correct age for our Anna but beyond that it is only a guess whether it is the correct family. [3] In 1871 John & Anna were living on C.1, L.95 of King Twp. - on the same lot of land that her parents lived. There was a fifteen year old boy, Robert Gower living with them - possible working for them? [4] Both gave their religion as Quaker. In 1881 the couple were living in Newmarket village and John was classed as a farmer. [5] Annie was recorded as being of the Friends faith but John was now Methodist. I have as yet to find John and/or Anna on the 1891 census.

On none of these census have children appeared with the couple so I would tend to think that their marriage may have been childless.

We continue to receive letters and other bits and pieces of family information which we feel it is important to share with our readers.

.....

There is a lady living at Woolseley, Sask. who is descended from the McMain family, although not related to the Harmans she does have information on the Harman-McMain connections. Her name is Alma Pearson, and her grandfather was James McMain, sometimes called James Wernham, b. 21 May 1844.

Alma supplies us first, with an interesting theory about the birth & parents of Rachael, child of John Harman & Sarah McMain. She writes:

"I have a copy of microfilm #MS248 Reel 18 1-6-B p211, for York County Marriage register where John Harrison, parents Charles & Phoebe, married Sarah McMain, parents Robert & Rachael McMain, on 30 Oct. 1860, and Benjamin Harrison is a witness. The name "HARRISON" is, I believe, wrong and it should be "HARMAN" in all instances since Benjamin was his brother, and Charles & Phoebe his parents, and they were Harmans, not Harrisons. Benjamin Harman and his wife, Elizabeth apparently had twins, John and Rachael who were born 7 Nov. 1858. I think the twins and four other children of Benjamin's were baptized 30 Oct. 1860. The records state that

daughter, Mary was baptized 30 Oct. 1869 but I believe the "9" should have been an "0". Therefore six of Ben's children were baptized on 30 Oct. 1860 and John Harman and Sarah McMMain were the sponsors. That was also the same day that John and Sarah were married and Ben was their witness. Now do you suppose that John & Sarah took Rachael and raised her as their own? I have no further records of Ben's Rachael, b. 7 Nov. 1858, but John & Sarah's Rachael was born 15 Aug. 1858, died 12 Dec. 1928, and married Sam Evans and is buried in Staynor cemetery. Could dates be wrong here and these two be the same child? I suppose getting a record of John & Rachael's births and Rachael Rosanna's birth, would be the answer."

Alma has further info and questions on other Harman families.....

"I have the marriage, 9 Feb. 1900, of Norman Harman, s/o John Harman and Sarah McMMain, to Priscilla Abernathy, a widow whose parents were Elizabeth and David Wier. Witnesses were R.C.Harman and Maggie Imrie (Emery?) (LDS Film #207888) In the wedding picture (Harman newsletter, vol. vol. 3 #2, p51.) Norman Harman's wife's name is given as "Ruth". Ruth (Wier) Harman was a widow when she died. Did Norman marry two sisters? or?

"Robert Arthur Harman, son of Benjamin, married Sarah Alberta May Woolven, dau. of James Albert Woolven and Sarah Ann McMMain. This Sarah Ann was the dau. of Lancelot & Mary McMMain - Lancelot was a brother of Sarah McMMain, who married John Harman.

"Louis McMMain (b1857) and Mary McMMain (b1854) (first cousins) were married 10 June 1880. Their children were (I believe) .....

Egbert "Bertie" - b. c1881

Wilfred (or Wilbert) - b1882

Gilbert - 29 Nov, 1883, died 6 May 1957 in Detroit.

Louis E. -

Elmer -

Wellington - c 1890 & d. 1947, buried in Newmarket cemetery on Eagle Street, as is his mother.

I have no knowledge of Louis E. or Elmer or Wilfred. The mother, Mary died 20 July 1929 (I believe) at Newmarket. I don't know when Louis died or where he is buried. He came west to Saskatchewan about 1910 and homesteaded. Louis and Mary had the six boys. Egbert had, I think, five children with his first wife, six with his second wife and his second wife had one from her first marriage. I don't know the name of Egbert's first wife nor when she died. They may have lost their daughter, Mary (in the above mentioned wedding picture) when still at Newmarket.

I don't know if Louis E. was known as "Edmund" or "Emerson" or "Elder".

"John Harman and Sarah (McMMain) called their son "Robert Charles" - her father was Robert and his father was Charles. I don't know the name of Sarah's brother who was my gr.grandfather but I presume a Charles or a James McMMain (or possibly McMahan). Any help here??"

Alma's gr.grandfather (brother of Sarah) married Susan Jane -(Kirby?) and after his death Susan Jane married Charles Wernham.....(their daughter)..

"Mary Wernham married J.F.Clarke and they moved to Michigan sometime in the 1880's. Their daughter Millie Ethel Clarke was baptized at Holland Landing 10 Dec. 1882 with Emma & John Wernham as sponsors. J.F.Clarke could be a relative of some of the Harmans as one of them married a Clarke and lived in Michigan. Any help?"

. . . . .

A letter was recieved from Doug Allen last December which we are long over-due in acknowledging - sorry Doug, our appologies!

Doug is still searching for the answer to his elusive Electa Harman who married 1) Hiram Lloyd and 2) James Edwards. From census and other information, it would appear that Electa was born c1816 - but WHO were her parents? The theory which your Editor has put forward, and to which Doug refers, is that Electa was the daughter of Henry, Jr. by his first marriage. However for some reason, (perhaps the death of Henry's wife?) Electa was raised by the William Harman family. Unfortunately there is as yet no proof one way or another on this theory.

And Doug writes.....

"I finally received my copy of the "1837 Home District Directory" and have made a bit of a discovery. Going back to Electa and Hiram and their 1835 marriage : the witnesses were John Hutchinson and George Larmont. In 1982 William Britnell had a theory that: as John Hutchinson married Amy Lloyd in 1830 it made sense that John might be a witness to the marriage of Amy's brother, and since Amy was a dau. of James Lloyd and Sarah Butler, then Hiram must also be a child of James & Sarah. Because of the lack of proof, this theory was never more than some interesting speculation to me. Playing a hunch I searched for John Hutchinson and George Larmont in the directory and discovered that John Hutchinson lived on Con. 1 (Yonge Street) Lot 77 of King Twp. in 1837, and that William Harman also lived on Con. 1 Lot 77. Further, George Larmont lived on Con. 1 Lot 78 of Whitchurch Twp. - just across the road. Also living on Con. 1, Lot 78 Whitchurch was a James (Jas?) Lloyd. From my point of view, it would seem that the Harmans and Lloyds simply each brought along a neighbour to witness the marriage of their daughter and son. It would seem that George Larmont was the witness for the Lloyds, but living so close together it certainly could have been the other way around. I hope to find time during the Christmas break to search the land records at Newmarket to see which James Lloyd was on Con. 1, Lot 78 of Whitchurch - usually a spouse is mentioned in these transactions.

"Do you know if anyone has seen a Will for William Harman? The Newmarket Land Record's Office has some Wills and perhaps Wm.'s Will is there. If one exists it should list his daughter as Mrs. James B. Edwards and it might even list his two grandchildren, Margaret Cutting and John Lloyd - unless they had previously moved away.

"Anyway, what do you think of this speculation about William Harman being Electa's father based on my theory? .....I sort of hope that your supposition that Henry was Electa's father but that William may have raised her, is wrong because it would make things much more complicated. If William really was born about 1798, he might very well have been too young to be her father. I wonder if a Will exists for Henry Harman (Jr.)?

(Ed.'s Note: Yes there is a Will for Henry, Jr. - it appears in the Index to Probates at the Ontario Archives (I believe the film to be #6-723)

HARMAN, Henry - of King - Will - 20 March 1852 - 9 : 666

HARMAN, William - King - Will - 20 Feb. 1879 - 20 : 99

While I have not had an opportunity to search out the last mentioned Will, I have read over the 1852 Will for Henry, Jr.. I transcribed it had thought that I had already used the material in our newsletter but now after a fruitless search through the pages of back issues must concede that I have over-looked passing the info along.)

More from Doug's letter next issue.....

Doris Twining of Oshawa, replies to the letter from Mary Langman which appeared in the last issue of the newsletter.....

"On the "Answers & Corrections" page I read about Mary Langman from Owen Sound visiting a Lilly Patton at Elgin Mills - I, too remember visiting there with my mother when I was little. This is correct about them having two sons, but I believe it was Morris who was the funeral director. George married when he was older, and he married a girl by the name of Elsie (I think she worked for Lilly in this big house). We always called in at Elgin Mills on our way either to or from Aurora.

"There was a William Harman and there was some connection between him and Lilly - my Dad always called him "Uncle Bill". He used to come from Toronto to visit and he also lived down at the lake in Oshawa, he had three cottages there. He died and is buried in Aurora cemetery near my Mother & Father. I think this was in the 30's. He had no close relatives and my parents saw to his burial and my Dad was left these cottages (some debts connected to them). My parents & I lived in one of these cottages when I went to public and high school - they later had it remodeled and plumbing put in. But I really don't know who this man was or if he ever married. He just came and stayed with us every once in awhile - maybe someone else knows of him?"

We have a number of old clippings, and some that are not so old, to share with you. Some refer to the Rogers family but not all do.

"AURORA BANNER" Friday, 21 Dec. 1888

"AURORA BANNER" 13 Feb. 1925

Besides his widow, he leaves three daughters : Mrs. G. Miller of Welland Port; Mrs. E. Quantz of Kitchener; Margaret at home; son, Robert of the postal service in Toronto."

## Death Removes Council Dean

The dean of the Oshawa City Council, with an all-time record of 29 years' service when he retired at the end of 1957, Clifford Harman, 66 Thomas street, died at the Oshawa General Hospital this morning. Mr. Harman, who was in his 65th year, had been seriously ill for seven weeks. He suffered a heart attack in January.

During his many years as a member of city council, Mr. Harman had served as chairman of all the standing committees with the exception of finance, which later he served as vice-chairman. He was held in the highest regard by his fellow aldermen and, on his retirement, was tendered a dinner at which he was presented with a set of matched luggage.

### MAYOR EXTENDS SYMPATHY

Mayor Lyman A. Gifford was deeply shocked this morning by the news of Ald. Harman's death. The mayor expressed his sincere sympathy to the family of his old-time friend.

"It is with deep regret," said Mayor Gifford, "that we learn this morning of the passing of Clifford Harman. For 29 years he served this municipality as a true and trusted administrator.

"During the last five years I have been associated very closely with Mr. Harman in municipal life. No man possessed a greater principle and could al-

CLIFFORD HARMAN

ways be relied upon to carry out the work he was called upon to do.

"To Mrs. Harman and daughter Doris I extend my sincere sympathy."

The memorial service will be held at the Armstrong Funeral Chapel at 2 p.m. on Wednesday, Apr. 9, followed by interment in Aurora Cemetery.

### BORN AT AURORA

A son of the late Mr. and Mrs. Nathaniel Harman, the deceased

Thankyou to Doris Twining of Oshawa, for sharing with us the obituary on the left. The subject, Clifford Harman, was her father and he passed away in April 1958.

was born at Aurora, Ont., on Oct. 15, 1893 and was married at Newmarket on Mar. 3, 1917.

A resident of Oshawa for 37 years, Mr. Harman worked at General Motors for 35 years and in late years was an inspector in the paint department.

He was an adherent of First Baptist Church and also attended Cedardale United Church. He was a member of Temple Lodge, No. 149, AF and AM, Oshawa; Aurora Lodge, No. 148, IOOF; Sons of England Lodge, No. 74, Aurora; Ulster LOL Lodge, No. 3158, Oshawa; the Oshawa Chamber of Commerce and Local 222, UAW. He was also a past master of the Loyal Orange Lodge at Aurora.

Mr. Harman leaves his wife, the former Marj, Jane Lappin; and a daughter, Mrs. Jack Graham (Doris), of Oshawa.

Also surviving are a sister, Mrs. Frank Grainger (Sylvia), of Aurora; two brothers, Charles of Newmarket and Lindsay of Aurora and two granddaughters, Nancy and Susan Graham, of Oshawa.

# New parks named for longtime Aurorans

BY REG WATSON  
Staff Writer

Aurora is not going to have its own version of Graceland, the Memphis estate of Elvis Presley.

And Aurora is not going to have parks named after Mayor John West, Councillor Evelyn Buck, former prime minister Lester Pearson, Collis Leather and The Aurora Banner either.

These were some of the names rejected Wednesday by Aurora council as submissions in a public name-the-park contest were judged.

Twelve Aurora residents submitted a total of 33 names in the contest to name five of the town's newest parks.

In choosing the winning entries, council stuck to its long-standing practice of naming things after pioneer families or longtime Aurora residents, passing over the unusual suggestions.

Charlie Copeland Memorial Park was the name council decided to give the park at Aurora Heights and McLeod drives. James Hilts of Crawford Rose Drive suggested the name to honor the former Aurora Hydro manager who lived near the site until his death in 1986.

The park on Timpson Drive in the Tannery Creek subdivision was named Willow Creek Park at the suggestion of Jane Ramsay of Tannery Creek Cres. to recognize the natural willow trees which have been left along Tannery Creek by the developer of the subdivision.

"AURORA BANNER" 11 Mar. 1988

Vicky Dykstra sent along this clipping concerning her efforts to have a park named after our Harman ancestors. Thanks for your efforts, Vicky - and do let us know if Aurora gets a HARMAN PARK or whether it remains the HARRISON PARK!

When such an error can occur in this day and age, then we should not be surprised when the same thing occurs in old church or other records!

Wilson Park was the name council selected for the bushland park at Henderson Drive and McClellan Way. Brian and Hildegard Knowles of Reuben Street suggested naming the park after William Smith Wilson who set up a business at Yonge and Church streets in 1901 (his son, James Bice Wilson, operated a hardware store at 29 Yonge St. S. for more than 30 years).

The park on Old Yonge Street in the Tara Hill subdivision was named Atkinson Park. Vaughn Dues and Ken Greenwood of Wellington Street East suggested the name in honor of William Atkinson, a councillor in the 1870s who built the Carpenter's House at 69 Wellington St. E. in 1872. The house is still standing and has been designated by the province as an historic building.

In what appears to have been a mix-up, the park on Aurora Heights Drive beside Our Lady of Grace School was named Harrison Park by council.

Victoria Dykstra of Spence Drive wrote in asking a park be named after the Harman family which has owned land in the area since 1796. But Dykstra's sugges-

tion was recorded by the town clerk as "Harrison" in a report to council.

Since council made the selections at a council-in-committee meeting, the councillors have until the next council meeting on Thursday to change their minds and make any amendments to their decision when it comes up for ratification Thursday.

The five names passed by council were proposed by Councillor George Timpson. Only Councillor Martin Paivio was opposed to Timpson's suggestion.

Paivio thought the park on Old Yonge Street in the Tara Hill subdivision should be named Eaton Park, as suggested by Kathy Haworth of Cousins Drive, because the Eaton family used to have an estate on the property.

The twelve residents who submitted names for the parks will each receive day passes for the Aurora Family Leisure Complex.

Among the unusual name suggestions were Sky Dome Park and Todd Comfort Park.

Because the Newmarket Cemetery contains mention of several Rogers family members, also some stray Harmans, we will share this data with you at this time. Copied from transcript records at the Ontario Genealogical Society Library in North York, Ontario.
