

Veterans' Night Nets

Approximately \$310.00

Bingo, Auction Sale, and Dance
Draw Good Crowd. Farmers and
Growers Give Generously

The local Canadian Corps Association's night of Bingo, an Auction Sale and Dance drew a good crowd to the Town Hall on Monday evening when about \$310 was cleared. This money will be used for the purchase of gifts for the boys of the district now serving overseas.

Financially the Auction Sale was the success of the evening. Gross receipts from Bingo were \$65, but the cost of prizes cut into this amount considerably. About \$19 was collected at the Dance, and the remainder came from the Auction Sale for which Chas. Jackson and L. Rutledge kindly acted as auctioneers.

The high land farmers and marsh vegetable growers contributed the goods for the auction sale. Marsh potatoes, marsh carrots, cabbages, beets, high land potatoes, turnips, parsnips, apples, a few dressed chickens, a few eggs, and a live goose, a duck and a rooster, largely comprised the goods for auction. This produce was there in abundance—farmers and growers were most generous in their donations. These same donors, the relatives of the boys overseas, and the usual people from town who patronize war charities, made up the bulk of the buyers at the sale.

Good music for the Dance was supplied by Gerald Roberts, Doug. Kirkup and Leo. Harrison and the dancers appeared to enjoy it very much.

Pictures promoting the sale of bonds for the Fifth Victory Loan were shown during the evening by Mr. Pope of Barrie.

The ladies of the Knitting Club conducted a lunch counter which was well patronized by the dancers. The proceeds from this went to the Club and were not included in the afore mentioned receipts.

THANKS

The Bradford Canadian Corps Association wishes to thank the high land farmers and marsh vegetable growers for their very generous donations to their sale and also all others who assisted in any way to make their evening a success.
