W. A. MACKENZIE & CO.
INVESTMENT SECURITIES
TORONTO, CANADA

Toronto, June 15th, 1918.

20—

To Our Correspondents:-

We are members of a Syndicate that has just secured a new issue of bonds of the Province of Saskatchewan, particulars of which are given on the enclosed circular.

These bonds bear 6%, mature at the end of twenty years, and the price is 96.62 and accrued interest yielding 6.30%. This is the first occasion for some considerable time that we have been able to offer a fairly long term Provincial security to yield such an attractive rate of interest.

The Province of Saskatchewan needs no recommendation as its wonderful resources and great prosperity are well known to everybody. The Province is in splendid financial position, and is rapidly gaining in wealth and importance as a result of the immense crops and high prices prevailing.

We consider these bonds are one of the most attractive we have ever submitted to our clients, and we strongly recommend that if you have clients with funds for investment you cannot do better than get them interested in these bonds.

On any orders you may send to us we can allow you a commission of 1/2 of 1%.

We expect the issue will be taken up within a very few days, and we would, therefore, suggest that your orders be telephoned, or telegraphed, at our expense.

Yours faithfully,

WAM/D

W.A. MACKENZIE & COMPANY.

THE ANNALIST

A Magazine of Finance, Commerce and Economics

Times Square, New York

October 15th, 1917.

The City Clerk,
Bradford, Ont., Canada.

Dear Sir:-

May we suggest that you advertise in The Annalist your bond offering, to occupy space of one quarter of a page, cost \$50, or one eighth of a page, cost \$25.00?

The Annalist, a weekly magazine of finance, commerce and economics, published by The New York Times, is recognized as a financial authority by thousands of bankers, brokers, merchants, manufacturers, insurance men and others throughout the United States.

In The Annalist are tabulations concerning bonds, stocks, railroads, clearing houses, money rates, foreign securities, state and municipal bonds, banks, short time notes, divided declarations, utilities, unlisted securities and such other information invaluable to bankers, brokers, bond-houses, stockholders and investors in general.

The Annalist reaches each week thousands of bond dealers who are interested in municipal and county bond offerings.

The opportunity offered to dispose of your bonds through the advertising columns of The Annalist is bound to benefit your district.

Under separate cover we send a copy of The Annalist.

The consistent use of the advertising columns of The Annalist each week by more than 150 bankers and brokers of the highest class is evidence of the esteem in which The Annalist is held.

If you will send us the details of your bond offering we will submit proofs and estimates of the cost of publication.

Very truly yours,

THE ANNALIST
Advertising Department.
